Delivery of Valuable Article Stocks

RPT: WIA 8573, 14 December 1954

Action Requested: 1. Making arrangements for movement balance article stocks by air lift to Athens.  
2. Extend thanks to [ ] for Valuable articles.

1. Thanks are extended to [ ] for the work involved with OTOPIA in arranging for turn over of the Valuable article stocks to Athens. We have found approximately one half of the material to be in A-1 condition and it will be of definite use to the DTUOE program. Though the balance is not suitable for use as is we believe we can use some of the material after sorting. Therefore, we are definitely interested in acquiring the balance and hope you can have it available by mid-February, when we can arrange an air pickup.

2. Will you please extend our thanks to [ ] and advise him we have found approximately one half of the stocks in good condition. [ ] has been advised of receipt of the material and its condition.
